Hello, honored

My name is Ervin Pepic, and I am writing to you to express my interest in medior developer position. Please consider my enclosed resume. Since 2016, I have served as a full-stack web developer for International University, where I have been repeatedly recognized for developing innovative solutions for University student information systems, locally and globally deployed software and systems. I am responsible for the full lifecycle development of next-generation software, from initial requirement gathering to design, coding, testing, documentation, and implementation.

My technical expertise includes cross-platform proficiency (Windows, Unix, Linux); good knowledge of 13 scripting/programming languages (including C, C++, Swift, Java, PHP, JavaScript, TypeScript, Python, and SQL); and advanced knowledge of developer applications, tools, methodologies, and best practices. My experience developing user-friendly solutions on time and on budget. I am responsible for the full lifecycle development of next-generation software, from initial requirement gathering to design, coding, testing, the documentation.

If you have any further questions , am available at any time through contact details indicated in my CV.

I would appreciate the opportunity of being part of your team and I am looking forward to hearing from you.

Sincerely,

Ervin Pepic
